Protect your home and contents against loss, damage, and theft.

Home insurance provides financial protection against the expenses involved in repairing or rebuilding your house if it suffers damage or total destruction and/or replacing its contents.

Our home insurance comes with award-winning customer service and dedicated claims support, so you can be sure we're there when you need us most. With multiple optional extras available, we can find a policy suitable for your risks.

Policies are flexible and can cover solely the building or the building and its contents. We can also arrange insurance for properties of non-standard construction, including listed buildings, as well as those undergoing renovation work or unoccupied.
